Good-bye to the Great '08!

Class Motto

Throughout our school years we've lost and gained friends
It's so hard to believe that it's almost the end.
From get-togethers and football games followed by dances;
To begging our teachers for second chances
We sit and wonder why it had to go so fast,
Remembering all the great times we had in the past
Thinking of all the great people we met along the way,
And every memory created each day.
Grasping that paper tight in our hands,
As we proudly walk across the stand.
We have no regrets; for it's never too late
Congratulations to the class of two thousand and eight!

As you make a new beginning Ray, Please be aware of important things you may not have learned in school; as you pursue your dreams in life, remember to take time to help and serve others even if doing so slows you down a little. As you explore and develop you unique talents, remain humble as you are, realizing that your special abilities are gifts from God. As life hands you challenges, welcome them as ways to become smarter and stronger. As you acquire material things, know that you're most important possessions are your honesty, integrity and the desire to make a difference.
